

## Denmark

### Steps towards establishing a national FFN

*FFN Denmark's first 40 potential members representing great experience and interdisciplinary expertise have agreed to participate in a founding general assembly during the 11<sup>th</sup> FFN Global Congress in Oslo Norway*

### National Activities and Initiatives

*FFN Denmark has the ambition to be a well-established permanent platform for the exchange of clinical knowledge, initiation of multicenter research studies and political lobbying*

### Challenges

*FFN Denmark recognizes our current good treatment with national guidelines, strict standards and measurements – but calls for more research, knowledge exchange and coordination across disciplines and sectors*

### 2024 Plans/Areas of focus

*FFN Denmark would like to initiate our first domestic:*

- national FFN congress with +100 attendees*
- multicenter FFN research studies*
- visiting FFN fellowships*
- lobby meetings with health care politicians*

### Contacts

*Will be announced at a later date*
