

Current Situation

- **Multidisciplinary committee, geriatrician and orthopaedic co-leads**
- **Dedicated website**

Challenges

- **Active engagement of the multidisciplinary committee**
- **Dedicated platform to perform independently**
- **Any source of funding**
- **Administrative support**

National Activities 2023

- **FFN UK day at the British Orthopaedics Association (BOA) National meeting (Sept 2023)**
- **FFN UK day at the British Geriatrics Society (BGS) National meeting (Nov 2023)**

Exemplar initiatives

- **Collaborative partnership with the BOA and the BGS**
- **Sharing of our research with other FFN national partners**

2024 Plans/ Areas of focus

- **Improve further collaborative working with the National Colleges: Geriatrics, Nursing Orthopaedics and Anaesthesia**
- **Develop further Allied Health Partners**
- **Developing a national approach to fragility fracture education**

Partners

Collaborative working with the National Colleges: Geriatrics, Orthopaedics and Anaesthesia
