FFN
Fragility Fracture Network

UK

Current Situation

- Multidisciplinary committee, geriatrician and orthopaedic co-leads
- Dedicated website
- Two national meetings per year (British Orthopaedics Association (BOA) & British Geriatrics Society (BGS)
- Collaboration with the FLS Academy and Network (FAN)

Challenges

- Active engagement of the multidisciplinary committee
- Dedicated platform to perform independently
- Any source of funding
- Administrative support

National Activities 2025

- Endorsement: UK weight bearing consensus and vertebral fracture consensus
- FFN day at the (BGS) National meeting (April 2025)
- FFN-FAN FLS Academy Network Presentation (OTS June 2025)
- FFN day at the (BOA) National meeting (Sept 2025)

Exemplar initiatives

- Collaborative partnership with the BOA and the BGS
- Sharing of our research with other FFN national partners

2026 Plans/ Areas of focus

- Improve further collaborative working with the National Colleges: Geriatrics, Nursing Orthopaedics and Anaesthesia
- Developing a national approach to fragility fracture education
- Supporting FFN European meeting, Edinburgh 2026

Partners

Collaborative working with the National Colleges: Geriatrics, Orthopaedics, Radiology, Anaesthesia
