FFN
Fragility Fracture Network

PORTUGAL

Current Situation

- Hosting the 13th FFN Global Congress in Porto
- 17 working groups working together with a shared purpose

Challenges

- Stakeholders and policy makers involvement
- Standardize a national good practice standard for the management of fragility fractures in Portugal

National Activities 2025

- 13th FFN Global Congress in Porto
- Acute Rehabilitation of the Person with Hip Fragility Fracture: Care Organisation
- Webinar - Anaemia and anticoagulation management in the peri-operative period

Exemplar initiatives

- Clinical Pathway for Hip Fracture Patients in Portugal
- National Hip Fracture Registry

Educational projects

- Training to raise awareness of the hip fracture pathway for healthcare professionals
- Webinars

2026 Plans/Areas of focus

- Further development of the clinical pathway for hip fracture patients
- Expand the hip fracture registry nationally

Partners

- SPOT (Portuguese Society of Orthopedics and Traumatology)
